PROFESSIONAL SUMMARY

Third-year B.Tech Computer Science student specializing in Artificial Intelligence, interested in AI Engineering and Machine Learning. Hands-on experience building Python-based applications involving Large Language Models (LLMs), prompt engineering, API integration, structured outputs, and data processing. Actively developing practical AI projects while strengthening problem-solving and Data Structures and Algorithms skills. Seeking an AI/ML internship to apply technical knowledge and gain industry experience.

EDUCATION

Mandsaur University — B.Tech, Computer Science and Engineering (Artificial Intelligence)
Third Year | Expected Graduation: 2028 | CGPA: 8.35
Carmel Convent School (CBSE) — Class XII: 70.2% (2023–2024) | Class X: 81% (2021–2022)

TECHNICAL SKILLS

Programming: Python, Java (Basics)
AI & LLMs: Large Language Models, Prompt Engineering, LLM API Integration, Structured Outputs, Pydantic
Data Analysis: NumPy, Pandas, Matplotlib, Seaborn
Computer Science: Data Structures and Algorithms, Problem Solving
Tools: VS Code, Git, GitHub, OpenRouter API
Currently Learning: AI Engineering, FastAPI, Machine Learning

PROJECTS

AI Resume Evaluator (Completed)

• Built an AI-powered application to evaluate resumes against job descriptions.
• Used Pydantic for structured data extraction and validation; generated match scores and evaluation details through an LLM-powered workflow.
Technologies: Python, LLM APIs, Pydantic, JSON

AI Portfolio Chatbot (In Progress)

• Developing an AI chatbot that represents a candidate and answers recruiter questions using a structured candidate profile.
• Implemented JSON-based profile storage, data validation, and loading; designing prompts to keep responses grounded in verified profile information.
Technologies: Python, OpenRouter API, LLMs, JSON, Prompt Engineering

CERTIFICATIONS & ACHIEVEMENTS

• Unstop Hackathon 2025 — Participation Certificate.
• Participated in technical workshops covering React JS, Full-Stack Development, and Java.

AREAS OF INTEREST

AI Engineering | Machine Learning | Large Language Models | Generative AI | AI-powered Application Development
